Forcing Varieties

WE ARE now growing this popular florist's plant in large quantities in our Springfield Nurseries. Our soil conditions are particularly adapted to the production of good sized clumps with plenty of forcing eyes. Astibes are coming back into favor by leaps and bounds—many of the leading forcers of the country are now turning to us for their supplies. Ours is the only firm in America making a specialty of lining out grade Astilbes for spring planting—note the thriftiness of the plants illustrated below. Your spring order will be selected from 200,000 plants of the same good quality.

MARK HANNA (Good & Reese, 1930): A new Decorative Dahlia that is without question the best red Dahlia on the market today. No Dahlia in our fields has ever attracted more attention, and elicited more worthy comment, than Mark Hanna. The flowers are of the same shade as the popular Ricard Geranium—brilliant vermilion red. The plant is sturdy and of tall growth. Mark Hanna easily attains a diameter of 12 to 13 inches across when properly grown, and with perfectly full center. The NEW Korean Chrysanthemum

(Chrysanthemum Coreanum)

A remarkable new perennial of iron-clad hardness from Korea, forming fine, large clumps 2 to 3 feet in both height and diameter. The large white flowers have golden centers, resembling a glorified Oxeye Daisy; the petals often turning to a light claret pink. It blooms in the greatest profusion in late October to early December and is destined to become a profitable cut flower subject for the florist. Excellent one-year-old plants from 2 1/2-inch pots, \$1.50 per dozen, \$10.00 per 100, \$80.00 per 1,000.

Ferns

(From 2 1/4-inch Pots)

We annually grow 200,000 2 1/4-inch Ferns for spring and summer delivery, and are the introducers of Roosevelt and Teddy, Jr., two of the best types. We urge you to place your order early—We predict a shortage this year.

Roosevelt, Teddy, Jr., Boston. Dwarf Boston, Whitmanii, Whitmanii Compacta, Schotzelli, Scottii, and Good—2 1/4-inch pots, \$6.50 per 100, \$60.00 per 1,000.

FERNs (From 3-inch Pots)

The Fluffy Ruffles Fern

N. Superbissima

We have a limited but excellent stock of this rare Fern. Its distinguishing characteristics are its dark green foliage, darker than that of any other Fern, its dense, compact growth, and its irregular shaped fronds. It is the most beautiful of all Ferns. 2 1/2-inch pots, \$2.00 per 12, \$15.00 per 100.

The NEW Fern Colorado

The most beautiful Fern sent out in years. It has proven itself much truer to form than other Ferns of this type. New Oriental Poppies

For the first time, we are in position to offer in quantity a selected list of new varieties, each one of which is distinctly superior. The plants offered are from 2 1/2-inch pots.

FLANDERS—Considered one of the best new oxblood red varieties, a rare new shade in Poppies. 50 cents each, \$5.00 per 12, \$35.00 per 100.

LULA A. NEELEY—This variety is our favorite. Good, strong stems support flowers of brilliant oxblood red, the color holding until the last. We predict that this variety will become the most popular Poppy in America within a few years. \$3.50 per 12, \$25.00 per 100.

MASTERPIECE—A new silvery pink Poppy of great beauty. An excellent keeper when cut. 50 cents each, \$5.00 per 12, \$35.00 per 100.

MRS. PERRY—Although this Poppy has been on the market for several years, it is not widely distributed. A bright, clear pink color combined with vigorous growth makes Mrs. Perry one of the most beautiful varieties. \$1.50 per 12, \$12.00 per 100.

ORANGE QUEEN—We offer a selected type of this popular orange variety. Vigorous in growth and very early. \$1.20 per 12, \$8.00 per 100.

PROSPERINE—Of the scarlets. Prosperpine, with its striking buds, heavy stems and massive flowers, is undoubtedly the best. You cannot be without this brilliant variety. \$2.25 per 12, \$15.00 per 100.

TRILBY—Enormous flowers of cerise scarlet. Very scarce and among the leaders. 50 cents each, \$5.00 per 12, \$35.00 per 100.

WURTEMBERGIA—A striking flower of great size and substance. Brilliant scarlet in color. \$3.50 per 12, \$25.00 per 100.

California Grown Boxwoods

We offer an exceptionally fine stock of perfectly trimmed plants, grown expressly for us by California's leading boxwood growers, The Roy F. Wilcox Co. The variety used is Japonica, undoubtedly the hardiest of the boxwoods. Each size is offered either balled or burlapped, or in High Grade Tubs painted green.
